The BraveNet Multi-Center Study on Integrative Medicine Treatment Approaches to Pain (SIMTAP)

Our center is part of BraveNet, a practice-based research network of eight leading integrative medicine centers in the U.S. We are collaborating together to study the effects of Integrative Medicine. We are currently conducting a study to assess the impact of Integrative Medicine on chronic pain.

You may be eligible to participate if you are a:

1. NEW patient with pain for more than 3 months or
2. Current patient with pain for 3 months that we have not treated.

If you participate, you will be compensated \$60 for your time and study-related lab fees will be covered. All information will be kept confidential.

For more information, please speak to one of our doctors or contact our study coordinator, Betsy Lorenzi (791-5521, ext. 12).
